# Chambery

WITH A NAME INSPIRED BY THE CHARMING FRENCH ALPINE TOWN, THE CHAMBERY IS A REAL DESIGN FUSION – BRINGING CONTEMPORARY ENGLISH STYLE TO AN INNOVATIVE EUROPEAN LAYOUT.

Designed to appeal to both the UK and export markets, the soft colour palette provides a relaxed feel, whilst the rich wood toned furniture and pretty floral accent fabrics capture the casual elegance of modern English design.

The transverse gable affords a striking exterior appearance, and the large side aspect windows or optional sliding doors ensure this model always captures plenty of natural daylight. Modular seating enables you to reconfigure the lounge area to the layout that best matches your requirements, making the most of your view.

In the kitchen the deep walnut tones provide a perfect contrast with fresh off-white cupboard doors, creating a bright, stylish space. Extremely well-appointed, the kitchen includes an integrated microwave and 70/30 fridge-freezer as standard.

The elegance of the lounge area continues into the bedrooms, which also benefit from a large amount of valuable storage space. The twin bedroom features a reconfigurable layout, and the two bedroom model boasts a vanity area and en-suite WC to the main bedroom.

The well-equipped family shower room is light and spacious, featuring a large shower enclosure with inlaid ceramic tile detailing, mirrored cabinet and dual flush toilet.

Providing the ideal combination of contemporary English design with traditional European-style holiday home living, the Chambery has a truly international appeal.

Unless otherwise stated all Chambery photography is of the 35 x 12' 6" 2 bedroom model in UK specification shown with optional central heating
